

Members' Charter

Our aim is to remain an accessible and friendly cricket club at the heart of our community, where we all feel welcome.

This charter forms part of the Club's Welfare Policy *link* which is a condition of membership and the participation at club events by families and guests. All members, both playing and non-playing, are asked and expected to:

- Show respect and courtesy to umpires, opposition players and guests and fellow members at all times, including on social media.
- Avoid criticism of umpires' judgement in public, particularly on social media.
- Recognise and encourage fair play and applaud good performances of both sides.
- Respect a zero tolerance of substance abuse, racist or homophobic language or behaviour or abuse based on a person's gender, sexual orientation or religion or belief.
- Consider wellbeing and safety of self and others before performance.
- Speak, in confidence, to the Welfare Officer / team manager if you have any concerns or are having difficulty affording match fees or subscription.

And, of course,

Enjoy your club membership.
